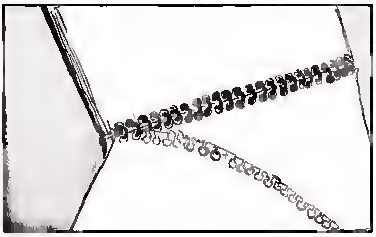
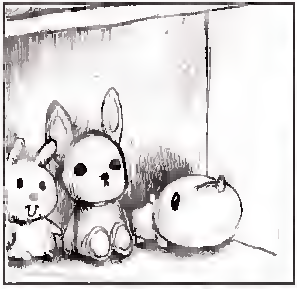
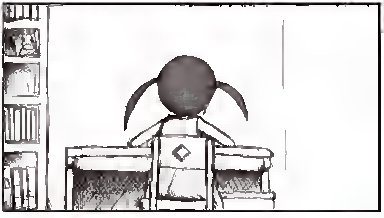
SORRY FOR THE WAIT.

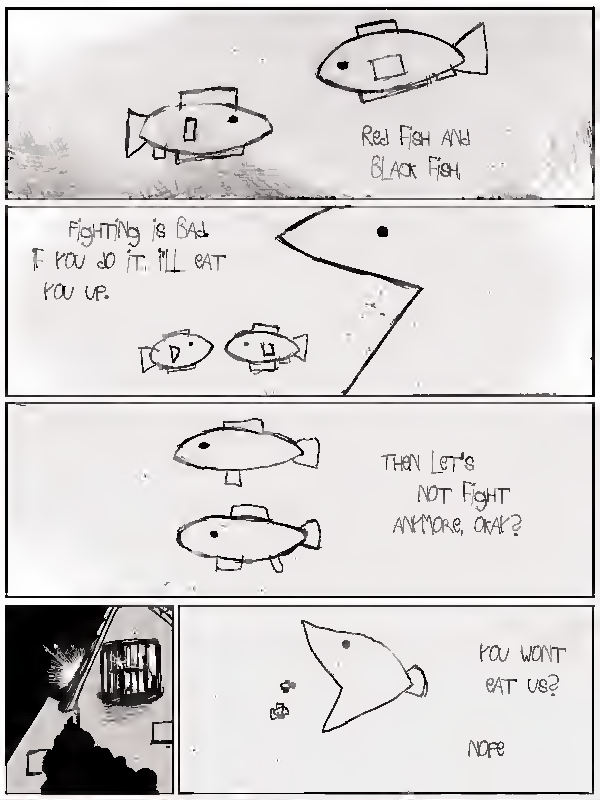
READ IT. READ IT.
A long time ago, a school of red fish lived deep in the sea.
Of all their number, but one fish was black.
One day, along came a big, big fish.
He started eating up all the red fish.
"Uh, this is terrible!"
Then they thought, "Oh yeah. There's always the black fish!"

The two of them swam along forever.
The big fish started chasing the black fish.
"Save us!"
THE END.
The red fish lived together happily the rest of their days...
Neither of them ever returned again.
POOR BLACK FISH!









Red Fish and
Black Fish
Fighting is Bad.
If you do it, I'll eat
you up.
THEN LET'S
NOT FIGHT
ANYMORE, OKAY?
YOU WON'T
EAT US?
NOPE
